

GARY JET CENTER WEST

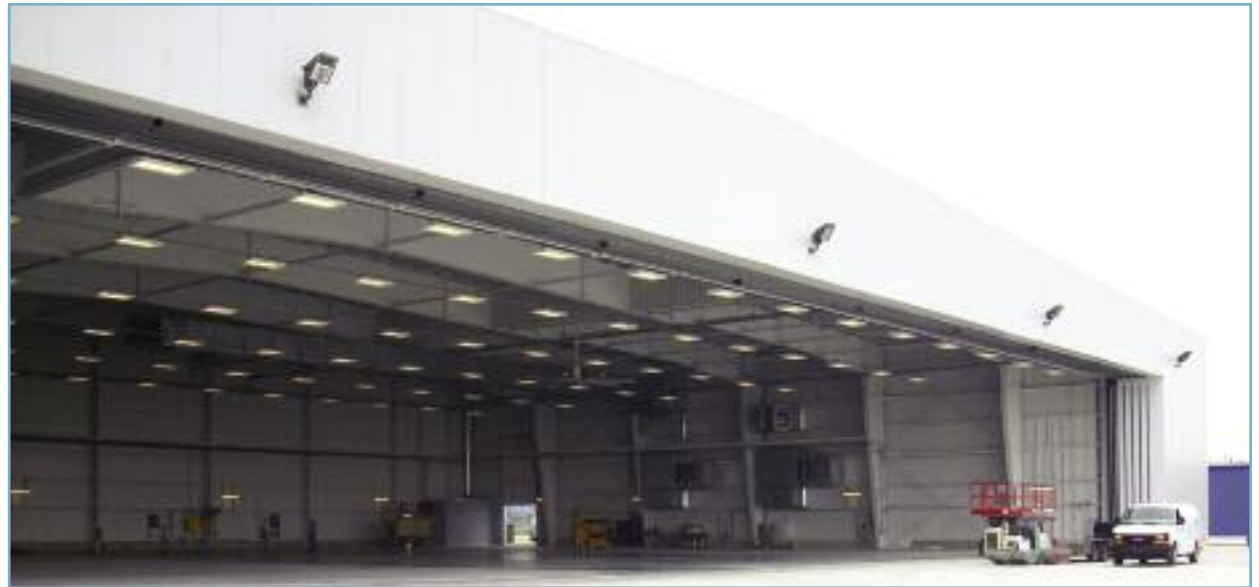

PROJECT MANAGER:

Lee Construction Management

LOCATION: Gary, Indiana (Lake County)

Tailored for corporate aircraft storage and maintenance, this 38,000 square foot structure can house up to 25 piper cubs (one-pilot/one-passenger planes) or six passenger jets.

“Driving by, one would think this is just a big box but it’s so much more than that,” said Wil Davis, president and CEO of Gary Jet Center at the Gary/Chicago International Airport. “It’s a public/private endeavor that took utmost expertise and professionalism on the part of Lee Companies -- both in finance and construction. GJC alone could not have done this project without Lee Companies.”
