

PROJECT MANAGER:

Lee Construction Management

LOCATION: Gary, Indiana (Lake County)

The huge central skylight over the ballroom of this 1920s Prairie Style historic building had been roofed over several decades earlier. LCM managed the restoration of the tile roof, including replacing the original skylight with a new, state-of-the-art, energy-efficient unit, thus restoring the natural light intended by the architect. The ballroom and towers were also reconditioned.
